Bouverie-Pusey, S. E. B., "Permanence and Evolution," 244
Brassey, Sir Thomas, K.C.B., M.P., "The British Navy: its Strength, Resources, and Administration," vol. ii. part ii., 243
Brav, Mrs. C., "Elements of Morality," 225
Bridges, J. H., M.D., "Five Discourses on Positive Religion," 524
British Association for the Advancement of Science, The, 473–492; Jubilee Meeting held in York in 1881, 473; some past Presidents, 474; attractive character of the yearly meetings, 475; absence of controversy the general rule, 476; extracts from the Address in 1876 by Prof. T. Andrews on the Transit of Venus, 478; and on Aërolites, 479; and on Physical Geography of the Sea, 480; geographical discovery the most attractive theme; Meeting in 1872 at Brighton and Mr. H. M. Stanley, 481–483; Mr. Mossman and Sir H. Parkes on the "Topography of Yedo," 485–487; President Sir John Lubbock's Address in 1881, 488; Dr. Siemens on the "Electric Light," 490, 491; the true cause of the success of the Association to be found in the multifarious mental food it offers to the public, 492
British Burma, 300
British Guiana, 307, 601
Broadley, A. M., "The Last Punic War: Tunis Past and Present," 541
Brown, J., M.D., "John Leech, and other Papers," 275

Browne, G. Lathom-, "Narratives of State Trials in the Nineteenth Century," 265

Browning, The Poetry of Mrs. E. B., 373–392; the first great poetess whom England has produced, 373; masculine alike in the vigour of her style and the range of her views, 374; the distinguishing characteristic of her poetry is its passionate pathos, 376; "a perfect decalogue of womanly virtue" given to women by this lyric poetess, 377; the pervading spirit of her writings may be said to be hope, 378; quotations from the "Drama of Exile," 379–82; the philosophy of the "Romance of the Swan's Nest," and 'Lay of the Brown Rosary," 383–384; superlative excellence of the "Sonnets from the Portuguese," 385; philosophy of the sonnet, 386, 387; Mrs. Browning's sonnets likened to Greek statues, 389; the strange poem of "Confessions," 390; much direct religious utterance in Mrs. Browning's poetry, 391; passages quoted from "Aurora Leigh," her longest poem, 392

Buchanan, Robert, "Ballads of Life, Love, and Humour," 279

Buckland, the late Frank, "Notes and Jottings from Animal Life," 245

Burma, 596

Cameron, Mrs. H. L., "Worth Winning," 287

Camille Desmoulins, 28–58; *the* journalist of the French Revolution, 28; a boy at school, 29; the Duplessis family and Camille, 30, 31; his marriage, 32–34; Mirabeau's protégé, 35; pecuniary difficulties, 38, 39; his changeful attitude towards the Revolution, 40; his brief literary life; the titles of his "eight Republican books," ending with the "Vieux Cordelier," his longest and best work, 41; "La France Libre," 44–47; appealed to cultivated classes; "La Lanterne" addressed to the masses, 48; Camille's journal, "Les Revolutions de France et de Brabant," which lasted from November 1789 to July 1792, the most interesting of all his writings, 49; Camille, at the zenith of his popularity, attacks the Girondists in his "Histoire des Brissotins," published in May, 1793, 50; Camille, under the influence of pique, and instigated by Robespierre, assails Brissot in scandalous terms in "Jean Pierre Brissot démasqué," 51–53; Camille's remorse on the condemnation of the Girondists, 54; the "Vieux Cordelier," first appeared in December 1793, and ceased after seven numbers, on the execution of Camille, 55; in No. 3, Camille breaks from the influence of Robespierre, and in No. 4 seals his own fate, 57; Camille owed his ruin to his fatal versatility of thought and rashness in putting his red-hot fancies on paper, 57; he died the victim of his own sarcasm and of his friendship for Danton, 58

Canada, 304, 599

Canada as a Home, 1–28; the Dominion with a population of nearly five millions, greatly needs the British who emigrate to the United States, 23; orderly and industrious character of the Irish element in Canada, 4; advantages offered to emigrants comprise a favourable soil and climate, most valuable fisheries, very extensive coal areas, 7; but the agricultural facilities offer chief inducement, 8; Ontario, the wealthiest and most populous province, 9; the great North-west wheat areas, 10; average yield of wheat per acre in Red River Valley is 29 bushels, 11; Lord Lorne on Manitoba, 12; railway system of Canada illustrates the energy and foresight of her people, 13; Canadian Pacific Railway rapidly approaches completion, 14; Canadian marine, 15; social condition of the Dominion, 16; all the necessaries of life cheap and abundant; Canadian imports, 17; education in Canada, 18; literature and art, 19; adaptability of political institutions to stimulate national energy, 20; Federal and Provincial Governments, 21; executive government vested in the Queen, 22; high character of Canadian public men, 23; and of the judges, 24; Canada a staunch supporter of the Imperial connection, 25; confident hope that British emigrants will make Canada their home, 26; and so strengthen Imperial interests, 27

Canning, Hon. A. S. G., "Lord Macaulay: Essayist and Historian," 270

Cant-Wall, E., "Ireland under the Land Act," 225

Cape Colony, 311, 606

Carlyle, T., "Reminiscences of my Irish Journey in 1849," 567

Caroline Fox, John Sterling, and John Stuart Mill, 156–181; the

Fox family an old, wealthy Quaker family of Cornwall, 157; the father of Caroline Fox an eminent inventor and botanist, 158; Caroline born 24th May, 1819, 160; religious questionings, 162, 163; a Quaker Catholic, 164; instances of Caroline's sense of humour, 165, 166; her death in 1871, 167; her portrait of John Sterling, 168, 169; J. S. Mill and the Foxes, 172, 173; conversations of Mill as recorded by Caroline Fox, 174, 175; extracts from letters from Mill, 176, 177; recollections of Carlyle, 179, 180

Carruthers, A., "Poems," 284

Carter, H. V., "Spirillum Fever," 253

Cassilis, J. L., "A Loveless Sacrifice," 584

Ceylon, 308, 602

Chambers' "Etymological Dictionary of the English Language," edited by Andrew Findlater, 290

"Christ our Ideal; an Argument from Analogy," 209
